

Privacy Form for Classroom Tools

Below is a current list of all software, web applications, and other online learning tools that your children may use throughout the school year. This is a comprehensive list for the entire school; it is not specific to any grade or classroom. Each of these tools has an individual privacy policy outlining how they safeguard student data, what information they collect, and how it is used. While we have reviewed these tools and approved them for classroom use, it is up to you, as the parents, to read the privacy policies, address any concerns you have, and consent to their use on behalf of your children. This list will remain available and any new tools that are added during the course of the year will require your approval on an individual basis.

Please sign to acknowledge that you have reviewed this list of tools and their individual policies and that you consent to their use as a tool for learning this school year.

Student/s Name/s: _____

Parent Signature: _____ Date: _____

School Year: 2020-2021

Special notes for principals:

- This form is one per family to be signed each school year.
- Each school needs to adjust the list and add any specific programs that they may use through the year. (Example: Zoom- if you use, Zoom- it will need to be added to your list). Make sure to list every tool that any teacher may use during the school year.
- Schools can delete tools that no one uses in their building.
- Post this list of tools in an online space (website, via FACTS SIS, Google Doc, etc.) so parents can access it easily.
- Encourage parents to ask any questions that they may have about these tools.
- Make sure parents understand that these tools will be used both remotely and in the physical classroom.
- If teachers want to use an additional tool (not listed on your original list), they need to they need to get specific consent from the parents in that classroom and then that tool should be added for next year's school list.
